Here's 10 ways you can continue your Global Citizenship/Dev Ed journey during Covid-19:

1. **Campaign!**

Check out the following campaigns:

- Campaign for a Global Cease Fire

UN Secretary General António Guterres is calling for a global ceasefire and for all conflicts to stop-sign the petition here

- Campaign for an international Treaty on Business & Human Rights here.

- #LeaveNoOneBehind sign the petition here now to urge the EU to provide a safer space for refugees particularly those on the crowded refugee camps in Greece

- The UN are calling for debt cancellation-follow Financial Justice Ireland to find out how you can get involved in the big issues that cause global inequality and click on their campaign pages

2. Act on Climate Change!

- Fridays for Future continue their #ClimateStrikeOnline with young people all over the world going solo and sharing their posts and banners on most social media outlets.
- Join One Future-Ireland's coalition for tackling climate change-they have some good actions and webinars on!
- Earth Day 2020 - Join this Global Environmental movement & celebrate Earth Day on the 22 April 2020 - https://www.earthday.org/news-and-stories/

3. Keep up the momentum of the SDGS

Continue taking action on the SDGs go https://www.un.org/sustainabledevelopment/ for information and download the app to get inspired and join actions around the world.

You could try do all the SDGs via a TikTok dance!

4. Support Fairtrade

Fairtrade growers have been hugely affected by the Covid-19 crisis so it's more important than ever to buy Fairtrade. Fairtrade Ireland is reminding you to buy Fairtrade this Easter

5. Create new sustainability skills!

We have heard how climate emissions have dramatically reduced during this crisis and our earth is healing. How can we support this to continue!? If you have a garden (or pots if not) consider planting veg, plants, flowers or making a compost. Check out the Grow It Yourself website for ideas!

6. Keep learning about the world!

- Watch documentaries and films https://www.filmsforaction.org/top-100-documentaries/
- Read up! The website www.developmenteducation.ie have a great reading list here.

7. Imagine a new world!

-Watch Vanessa Anderoetti explain the House That Modernity Built

-Listen to interviews with Jason Hickel writer of the Divide

-Download the Rules 'Culture Hacking' toolkit about changing the dominant culture and narrative in our world today

8. Use your creativity to change the world!

Use whatever medium you like i.e. art, music, poetry, short story etc. For us to make the world better we need to imagine it's possible, see it, and believe it. Start from inside yourself. What would a more fair and sustainable world for all look like? Don't hold back - use your imagination and get creative!

9. Community power from home: How can you be a global citizen in your local community right now and how can you do this from home?

1. Make sure more vulnerable members of your community are okay.
2. Uplift is a great campaigning website that has some very good local social justice campaigns. At the moment, they have good campaigns for protecting workers and small businesses, supporting health workers and shaping the priorities of a new Irish government.

10. Share what you are learning and doing with others!

Share what you are doing with friends and family! Use the #wwgsimagineanewworld if you can!

Stay safe everyone from WorldWise Global Schools!
