

Purple Ribbon Event

St Olivers CC ran a purple ribbon event in aid of the Alzheimer Association of Ireland to raise funds for research into the disease. The response from students and their teachers were amazing and a little over a 1000 euro was raised. Before the final total was calculated two representatives from the local branch Ann Short and Imelda McAuley came into the school to thank the organising teacher Mr. Healy and his 5th Year LCVP class (with a lot of help from certain TY students!) All in all it was a great 'community' effort.
