To: **The community of St. Oliver's Community College**

Louth and Meath Education and Training Board (LMETB) is the patron body overseeing the development of St. Oliver's Community College. As we reach forty years in education, our College is very proud of our achievements and the generations of students it has served. The College is in the fortunate position of having a very big site with a good amount of additional space. This has also allowed our school to cater for a large student population while providing extra services (school meals, specialist rooms, School Completion Programme, widest curriculum choice, books scheme, sports facilities, extra guidance, etc.) and meeting the educational needs of our students. St. Oliver's CC will continue to develop to make sure all our students achieve their potential with the expertise and generosity of our staff guiding them. We will also continue to share our facilities with a range of community groups and clubs.

Under the leadership and vision of Chief Executive, Mr. Martin G. O'Brien, LMETB have announced a significant development for St. Oliver's Community College. The Department of Education and LMETB have announced a significant permanent extension to our College. The extension consists of:

- 15 Mainstream classrooms
- 6 Science labs with prep areas
- 2 Music rooms
- 2 DCG rooms
- Library
- PE & Sports hall
- Art rooms
- Dining area
- Technology room
- Engineering room
- Graphics room
- Construction Studies room
- Home Economics room
- Textiles room
- 10 Learning Support rooms

We are also delighted to see that our newly established Special Education classes will also have a purpose-built set of rooms.

This is a very exciting development for the future of our College, it will allow us to take classes out of our prefab block which has been necessary this year due to extra arrangements created by the Covid19 crisis. LMETB have also announced that there will be eight temporary classrooms in place for September 2021 until the full extension is completed.

I would like to pay tribute to the Chief Executive and his staff in LMETB, the members of our Board of Management, our parents and Parents Association, our excellent staff, our local community representatives for their support in making our College a vibrant place of learning for our students.

Stay safe and well,

John Halpin (Principal)

S. O'hAilpín, Príomh Oide
