### **Cashless system for St Olivers CC**

Cashless payments give you, as a parent, full control over your child's spending on school lunches. No more looking for change, no more wondering where and what they are eating...

With the cashless system comes a simple and innovative way for you to pay for your child's nutritious and healthy school meals supplied by TFW Food Services.

#### **How it works:**

The first step is to get a TFW contactless card to use in the system. To do this you just open an online account with TFW...

- Through an online account you manage your child's card. You can manage multiple children's cards from just one account.
- The card is topped up online using a secure payment gateway with processing done by Sage Pay. Example top up by €20.00
- At the school your child selects their meal and simply presents the card to the cashier who taps the card exactly like tap and go contactless payments with your bank card.
- The card balance is updated with the cost of the meal. Example €2.50
- Back online you can see the transaction and the card(s) balances in your account.
  - Super Healthy Lunch | €2.50 | 01/09/2018 | 12:35
  - Balance €17.50
- Top up when you want.
  - Thank you, you have topped up card no. TFW-2017-8512 with €20.00
  - €20 Top Up | 01/09/2018 | 03:30 | TFW-2017-8512
