

TY Alzheimer Fund raising - Every Little Counts

St. Oliver's transition year students were very happy to present the Drogheda Alzheimer's committee chairman Mr Patsy Rice with €292.19.

The students collected one and two cent coins from the pupils in St. Oliver's just as tests were being carried out in towns around the country to trial making such coins obsolete.

Mr Patsy Rice invited the students to their current day care facility in Drogheda, where students met with clients and staff. Mr Rice praised them for their efforts and generous contribution, as it presently takes €7,000 per month to keep the facility running.
